Solutions

SPEAKER BIOGRAPHY

Suzane Greeman, CMQ/OE, CAMA, CAMP, CMRP is the President and Principal Asset Management Advisor of Greeman Asset Management Solutions Inc (GAMSINC), a firm headquartered in Winnipeg, Manitoba. She is the author of “Risk-based Asset Criticality Assessment (R-b ACA©) Handbook”. Suzane is a senior asset management consultant and instructor in North America. Suzane has worked across several asset management disciplines where she has held P&L responsibility for both operational and capital programs. Her experience spans 22 years in cement manufacturing, power generation, wastewater treatment, airport, and maritime transportation industries.

Suzane is a member of MC/ISO/TC 251, Canada’s mirror committee for asset management and ISO 5500x. She also volunteers with PEMAC as the President of the Winnipeg Chapter and with Empowering women 2020.

ABSTRACT

We all know that assets exist to deliver stakeholder value, which includes financial value. Financial value not only includes a strong bottom line, it includes financial risk reduction. Ms. Greeman will suggest some key steps that organizations can take to improve alignment between financial and operational functions and information.
