The Mandate

We are currently recruiting a **Plant Manager** to lead a team of 10 to 20 employees and oversee daily operations including production targets, scheduling, materials, and quality assurance goals in a safe and efficient manner at our plant in Mississauga.

Responsibilities

- Direct and manage plant/warehouse operational activities through planning to ensure daily objectives are accomplished in a safe, timely and cost effective manner;
- Develop plans, scheduling, and budget;
- Build, train and mobilize a strong team;
- Maintain existing plant facilities and equipment; replace, or make recommendations for adjustments to plant facilities and equipment when necessary;
- Allocate resources effectively and fully utilize assets to produce optimal results;
- Commit to plant safety procedures;
- Communicate and report into Montreal Head Office.

Competencies

- Ability to multi-task and juggle changing priorities;
- Effective team building, decision-making and people management skills;
- Strong initiative and follow up skills;
- Excellent problem-solving capabilities;
- Solid interpersonal and communication skills;
- Computer skills with Microsoft Office, especially Outlook, Word and Excel;
- General mechanical skills are an asset.

Qualifications

- At least 3 years of supervisory experience;
- Good technical and people management expertise;
- Familiar with a variety of the manufacturing concepts, practices and procedures.

Process for applying

We offer a competitive salary and a full range of benefits. If you are interested and have the necessary qualifications, send us your resume by email: recrutementjma@videotron.ca. We thank you for your application; please note that only selected candidates will be contacted.
