

MY WORK. CITY.

Asset and Facilities Supervisor

As the Asset & Facilities Supervisor you will support the development and implementation of our Building Service's Asset Management Plan and you will also be responsible for short- and long-term planning for asset renewal and the coordination of condition assessment information.

You hold a post-secondary degree in mechanical engineering, civil/architectural engineering or have an equivalent combination of related education and experience. You have extensive knowledge in facilities engineering, operations, and maintenance to ensure that facility related assets are maintained to an acceptable standard. You have exceptional leadership, communication, and organizational skills with a proven ability to successfully supervise a team of technical staff. You can manage projects and budgets and you also have a strong ability to analyze technical information, conduct research and write comprehensive reports.

The City of Kelowna is a dynamic team of employees working together to help us achieve our vision of making Kelowna a city of the future. Come work, play and live in Kelowna, a four-season destination and enjoy the many cultural amenities, direct access to exceptional mountain biking, water sports, skiing, golfing and Kelowna's easy connection to the world through our International Airport. We offer career/professional development, progressive employment practices and a great work environment. This exempt position offers a salary range of \$94,000 to \$104,500 and a fully paid comprehensive benefits plan, one of Canada's top pensions, and Earned-Day-Off & Wellness programs for your Work/Life balance.
