

Come Live Our Values

Operational Reliability Coordinator

Cigar Lake, SK

Position and Responsibilities

Cameco has an exciting opportunity for a knowledgeable, enthusiastic individual to assist with the implementation of a top-tier reliability program.

Reporting to the Manager, Maintenance and Operational Services, you will work alongside leaders and stakeholders at Cigar Lake to achieve world-class performance in operations and maintenance. This will be done by coaching, coordinating and mentoring at all levels of the site to ensure key performance indicators (KPI's) meet targeted objectives. You will assist with the development of a site Master Plan, coordinate roll-out of new processes, develop and execute change management tactics, and recommended strategic changes based on observations and data.

Requirements of the position

- Journeyperson trade certification, or engineering/technologist background
- A minimum of 10 years of experience in maintenance, operations, or in an industrial setting
- Equivalent combination of education and work experience may be considered
- Supervisory and/or long-range planning experience
- Work a rotational schedule and commute to site by aircraft

Assets:

- CMRP and/or MMP designations
- Knowledge of best-practice maintenance strategies

Preference will be given to Residents of Saskatchewan's North.

We offer:

- competitive pay
- superior benefits
- employee share ownership plan for all employees
- Live Better wellness program

Cameco values diversity. In keeping with this principle and our employment equity goals, we particularly encourage qualified applicants from the designated equity groups to apply.
