

## **MECHANICAL/MAINTENANCE PLANNER**

**Domtar Inc., Dryden Operations, is currently seeking an individual to join the Dryden Team. A progressive community set between Winnipeg and Thunder Bay, Dryden offers excellent medical, educational and recreational facilities.**

Reporting to the Maintenance Superintendent your role will be to plan, Supervise and co-ordinate mechanical maintenance activities related to rotating and other equipment within the mill.

More specifically, you will have to:

- Ensure that job plans, equipment, material and specs needed are readily available and that the various trades are properly coordinated, as they relate to the work order systems.
- Help schedule work in consultation with the operating and area supervisors.
- Set up of new assets and files as they relate to mill mechanical equipment.
- Manage mechanical repair material inventory and asset bill of materials.
- Plan and schedule work orders and supervise mechanical trades people.

### **Your profile:**

- You will be either a Journeyman “A” Mechanical tradesperson, holds a Mechanical Engineering diploma/degree or equivalent.
- You require a broad knowledge of the mechanical maintenance function and knowledge of stores inventories and practices.
- You are able to troubleshoot mechanical problems.
- You have a safety-oriented mindset with the desire to enforce and follow mill safety and environmental policies and procedures.
- You possess excellent computer skills with computer-based maintenance software (SAP), and MS Office.
- Experience working with rotating equipment and precision installations will be an asset

If you are interested in an opportunity to work with an organization that is an Equal Opportunity Employer and offers a full range of employee benefits and a competitive wage package, consider joining our Team. Please apply online and attach your resume and cover letter, in confidence, by **Thursday, June 2, 2022 at 3:00 CDT.**
