

ELECTRICAL/INSTRUMENTATION MAINTENANCE SUPERVISOR

Domtar Inc., Dryden Operations, is currently seeking individuals to become part of our maintenance team. A progressive community set between Winnipeg and Thunder Bay, Dryden offers excellent recreational, fishing and outdoor activities.

Reporting to the Electrical/Instrumentation Maintenance Superintendent, you will be responsible for the safe and efficient coordination/supervision of electrical/instrumentation trade groups engaged in the maintenance of the mill.

More specifically, you will:

- Coordinate maintenance with production in order to minimize downtime and continually carry-on preventive maintenance to ensure the operation of all equipment in an economical and safe manner.
- Supervise and develop team members.
- Role model safe job practices.

Your profile:

- Five years of industrial, electrical/instrumentation maintenance experience and industrial, electrical/instrumentation maintenance related post-secondary education combined.
- Ability to lead safety improvements through personal commitment and procedures.
- Knowledge of industrial safety procedures and regulations.
- At least 2 years of demonstrated strong leadership and experience leading a team to achieve excellent results.
- Strong communication skills: written, oral and listening.
- Demonstrated ability to be a team player.
- Good planning, organizing and problem-solving ability.
- You possess excellent computer skills with computer-based maintenance software (SAP), and MS Office.

If you are interested in an opportunity to work with an organization that is an Equal Opportunity Employer and offers a full range of employee benefits and a competitive wage package, consider joining our Team. Please apply online and attach your resume and cover letter, in confidence by **3:00pm CDT on August 19th, 2022.**
