

## **Sr. Reliability Specialist (39914)**

*Location: Saskatoon, Saskatchewan*

### **About Us**

Cameco is one of the largest global providers of the uranium fuel needed to energize a clean-air world. Utilities around the world rely on our nuclear fuel products to generate safe, reliable, emissions-free nuclear power. Cameco's corporate office is based in Saskatoon. We have mining operations and projects in northern Saskatchewan, Kazakhstan, the United States and Australia. We are also a leading supplier of uranium refining, conversion, and fuel manufacturing services from our operations in Ontario.

### **The Role**

Reporting to the reliability engineering manager, as a key member of the reliability team, you will support Cameco's transition into a high reliability organization, with a focus on industrial mobile equipment – both surface and underground.

### **In this role, you will:**

- Specialize in mobile equipment maintenance and troubleshooting
- Perform asset maintenance strategy development
- Support the loss identification and loss elimination process
- Perform preventative maintenance optimization, minimizing asset life cycle cost
- Provide subject matter expertise and leadership in industrial mobile equipment for the reliability engineering group

### **Required:**

- Diploma in mechanical engineering technology
- 8-12 years of relevant work experience
- Equivalent combination of education and work experience considered
- Experience with reliability engineering principles such as RCM, RCA, FMEA, FTA, RBD, CA, and LCCA
- Knowledge of SAP/S4 and Bentley AssetWise APM software
- Experience with underground and surface mobile and mining equipment
- Commute to site by aircraft when required

### **Recommended:**

- Familiarity with RCA, FMEA, RCM, PM, and Pd.M.
- Continuous improvement certification (Lean Six Sigma Green Belt)
- Effective communication, collaboration, and people skills
- Excellent time management, analytical and technical writing skills
- Proficiency with Microsoft Office

### **Conditions of Employment:**

- Pre-Employment Substance Test

**Cameco is proud to offer a competitive total reward package which includes:**

- Competitive compensation program with base and variable pay
- Flexible health, drug, dental, and vision plan with a health spending and personal spending account
- Fixed benefits including employee and dependant life, AD&D, disability benefits and paid vacation leave
- Employee & Family Assistance Programs
- RRSP and RPP matching program
- Career development opportunities
- Relocation costs

Cameco is an employment equity employer and aims to achieve gender parity, and as such, preference will be given to qualified members of equity groups. We are strengthened by the diverse backgrounds of experiences and encourage applicants with various levels of expertise to apply, as equivalent combination of education and work experience are considered.

You will have the opportunity to work remote in this position. However, there may be the need for intermittent meetings in the Saskatoon office/travel to site. The details of this flex work arrangement will be discussed with you in the recruitment process.
